

Mathéo Galuba

Seeking a **minimum 3-month** software engineering internship starting **April 2025**, possibly followed by an **work-study program**

Skills

Object-oriented programming
Low-level programming
Artificial intelligence
Web programming
2D / 3D video game creation
IT Infrastructure management
Agile project management
3D modeling

Technologies

Linux, Windows
C++, Rust, Go, C, C#, Python
Unity & Unreal Engine
Vulkan, OpenGL, GLSL
HTML, CSS, JS, NodeJS
Git
Suite Adobe

Languages

French - Native speaker
English - Professional level
• CEFR : C1
• TOEIC : 880 pts

Interests

Amateur astronomer
• 12 years in a club
Sports
• Paragliding
• Scuba diving (N1)
• Climbing
Electronics and IoT

Education

2026 Master's degree in computer science

2024 ISIMA, Université Clermont Auvergne
Aubière, France

- Modeling for decision-making and optimization.
- Application integration and information systems

2023 Professional certification in artificial intelligence

2 mois CS50 AI, Harvard University

Remote

- Principles of artificial intelligence, machine & deep learning
- 12 projects in **Python**, **Tensorflow**, **Scikit learn**

2023 Bachelor's degree in cross-platform IT development

2022 Université Savoie Mont Blanc & L'école by CCI
Annecy, France

- Programming in **Python**, **C#**, **Kotlin**, **Swift**, **Javascript**
- **Web** and **mobile** application development

2022 International experience - Cégep technique de l'informatique

6 mois Cégep de Matane
Matane, QC Canada

- Risk analysis and **security**
- **Virtual reality** development (**Unity**, **OpenXR**)
- Cloud computing: Amazon Web Services (**AWS**)
- **Artificial intelligence**

2022 Technological university diploma in computer science specialized in digital imaging

2020 IUT de l'Université Clermont Auvergne
Le Puy-en-Velay, France

- Programming in **C++**
- Advanced computing for **digital imaging**
- Real-time 3D application design (**Unity**, **Unreal Engine**)
- **Web** programming

Work history

2023 Work-study - Full stack Rust developer

2022 Hunimalis
Annecy, France

- Web development with **Vue.js**
- Web API development in **Rust** with **Actix**
- IT infrastructure administration with **Ansible**

2022 Internship - Web developer

3 mois Cosmoss, la Matanie
Matane, QC Canada

Development of a web application to help high school students with their academic and career orientation

- **Vue.js**
- **Firebase**
